GIVER OF LIFE
THROUGH DONATION

My sister, My bestfriend

Within my hearts, within my soul longing for you
Though you left me
But my love for you will never end
As the day's past by
This feelings makes more stronger
I remember you...

...in every places we've visited

...in every song we've sung

...in every movie we've watched

When I close my eyes at night

Hoping to see you in my dreams

So we can catch up things we missed

Sisters are forever though death set us apart

Memories remain here... in my heart

One day we will be together again

When my time comes to end...please hold my hand

So no fears will envelop me but for now...

If only... I can form the clouds the word I love you
so you can read it

If only... I can ask the wind to blow the word I love you
so you can hear it

If only... I can ask the sun to shine

So you can feel the warmth of my embrace

I LOVE YOU more than you ever know

Sister's are forever and it will never change

Even death can do without it.
