## Words of Remembrance

### Who Was Althea Arlene Gay?

She was a proud mother who loved her children unconditionally. So much that she sacrificed her own needs for what she thought was best for them. Always trying to make up for lost time, offering herself to listen during hard times and laughing with us during the good times.

She was a grandmother who adored her grandchildren. She would often laugh and say that people would run when they saw her coming with her cell phone because they knew she would be making them look at the newest pictures or videos.

She was a loving daughter to her parents and did all she could to be there for them.

She was a cherished sister who looked forward to every moment she had with her siblings.

She shared such special times with each and every one of them; sharing an extra special bond with Diane, Barbara, Micky, Connie and Melissa.

She was a dedicated wife to the love of her life. Always giving of herself to provide the best care she could to him.

She was an aunt, so proud of all her nieces and nephews. Always ready to brag on them and provided such loving care to them when they needed it.

She was a caring cousin who loved so deeply all her family.

She was a friend. Always ready to go play her favorite game, BINGO, or visit over a cup of coffee.

She was an animal lover, taking care of and always worried about the strays.

She was a caring neighbor. Checking up and being sure to make time for the ones she knew needed a shoulder to lean on.

She will forever be all of these things but now we can add Angel and hero to the list.

We know she will be with each of us guiding and protecting.

She is a hero, giving the gift of life to so many others through her donation. I know that she is thrilled, looking down from Heaven appreciating; knowing we carried out her final wish to give this precious gift to so many others.

That is exactly who Althea Arlene Gay was and is.

To my mother ... Our time together was way too short, but I will forever cherish our special times we were blessed to have. I will love you and miss you for all my days. I thank you for all your selfless sacrifices. My comfort is knowing you are in Heaven with my precious Alana.

Hold her, love her and meet me at The Gate hand in hand with her when God calls me home.
